

Dear friends

How are you? I hope you are fine. My name is Daudi Matiko. I would like to take this wonderful opportunity to thank you for helping us. You have been supporting us in different ways. We are happy because of the love and care we get from the salesians of Don Bosco, through your support, we have received clothes, foods and many other things from you.

We thank you also for supporting our education by paying our school fees. We thank you for all the support we have got from you. We have got good facilities in our school, we are fed and cared well. We have been given school uniform, tracksuit and beautiful and modern shoes. We have also developed our talents here in school and we are proud to be in Don Bosco. We really say thank you from the bottom of our hearts. We promise to keep you in our prayers. May almighty God bless the work of your hands. We also wish you a merry Christmas and a happy new year.

Yours faithfully,  
Daudi Matiko

WE WISH YOU

A MERRY

CHRISTMAS

NEW  
YEAR  
2025
