

Dear Friends

I hope you are fine. I want to say thank you for all the support you have given to me and my friends. I want to say that when you support me and others we get good life in Don Bosco school. I want to say before I came to Don Bosco I was living hard life so this is my life. One day when I was at home my parent and I were living together happily so one day my parent were not having money for school fees so I was forced to <sup>leave</sup> live the school then I was so shocked to <sup>leave</sup> live the school and ran away when I reached at the street I <sup>found</sup> found many friends they teach me how to use drugs, to steal and beggar. But one day when I was moving here and there I saw my friend in a school car and I remember that the car was written at the side Don Bosco, I ran to stay with my friend to the car before I enter I was asked my name and my name of my parents I told then and I enter I was so amazed to say we are eating chicken, burger and soda something I have never eat when I reach the we shower and we wear nice and clean cloth.

I want to "Thank you all for support you given to us." Thanks again and God bless you and your team.

Happy new year  
2025

Your Faithful  
Derrick Wamare
